WAR AGAINST DUST STORMS INTENSIFIED

Southwest Is Plagued By Unseasonable Black Clouds

Kansas City, Nov. 20.—(AP)—A war against dust storms was intensified today after a brief, unseasonable return of black clouds such as plagued parts of the southwest last spring.

Soil erosion workers at the Oklahoma Panhandle headquarters, in Guymon, said the program would be pushed "more vigorously" since some soil visibility reduced Monday to zero.

The dust clouds, first of any consequence in months, swirled over sections of western Kansas, Oklahoma and Texas, great forming with regions in Colorado and New Mexico what was dubbed the nation's "dust bowl" last spring.

Dust did not reappear yesterday or today, but E. R. Duke, county agent of dust-blown Potter county, Texas, spoke the sentiments of many when he said:

"There is no use kidding ourselves. There is going to be blowing."

Duke said, however, the Texas dust belt is in much better condition and will be "less susceptible" to blowing next spring because of the soil conservation service's \$500,000 emergency deep listing (furrowing) program. Heavier rainfall and more widespread practice of erosion control by farmers.

Despite steps taken to prevent it, R. I. Throckmorton, head Kansas State College agronomist, said "dust storms undoubtedly will occur again unless western Kansas receives considerable moisture during the winter and spring."

Farmers in the "dust bowl" have been urged to plant crops which will provide a protective cover for loose soil and to practice contouring and terracing to hold the moisture.

Added to this the government has purchased 1,100,000 acres of "poor" land in Colorado, Wyoming and Montana and has offered them more acres. Residents have been or will be placed on more productive areas. The land will be fenced and an effort made to restore the grass cover.

Illinois Cattle Bring High Price

Chicago, Nov. 20.—(AP)—The highest price paid for cattle here since May today brought a lot of 20 Kansas bred Aberdeen Angus, bred by Edward Kinsinger of Chicago, Ill.

The price was \$11.00 per hundred weight and the average weight was 1,253 pounds. The lot was sold for shipment to eastern packers, according to Walters and Dunbar, commission merchants.

This was the highest price at which cattle have sold in November in four years. A month ago a lot of King'sburgs brought \$10.00.

A big demand for shipping interests forced the price of all choice weights steers up 25 to 50 cents in today's market.

RAISE MILK PRICES

St. Louis, Nov. 20.—(AP)—Major milk distributors in St. Louis today hiked the retail price of milk one cent a quart.

The ordinary grade now sells for 11 cents and grade "A" for 14 cents. At a hearing last week on a proposed marketing agreement for this area, an official of one large dairy firm testified his company was losing 23 cents on each quart of milk delivered.

Weather

For Jacksonville and vicinity—Some local rain is predicted for this territory today, with generally fair weather to follow on Friday.

The U. S. Cooperative Weather Bureau at the Roubeney Sanatorium last night gave temperatures as: high 53; current 48 and low 26.

Barometer readings were: A. M. 30.18; P. M. 29.98.

Illinois—Probably some local rain, except rain or snow in extreme north, and generally fair in extreme south, somewhat colder in north portion Thursday; Friday generally fair.

Indiana—Increasing cloudiness, probably local rain or snow in north, slightly warmer in extreme south Thursday; Friday generally fair.

Wisconsin—Generally fair Thursday and Friday, except unsettled in southeast Thursday; somewhat colder Thursday in east and extreme south.

Missouri—Generally fair in south, unsettled in north, colder in northwest Thursday; Friday generally fair.

Iowa—Unsettled, possibly local rain or snow in east and south, somewhat colder in south and east Thursday.

MAYORS DEMAND FEDERAL RELIEF BE CONTINUED

Seek Cash To Carry Program Through 1936-37

Washington, Nov. 20.—(AP)—New federal relief appropriations and "adequate" state contributions were demanded today by the nation's organized mayors.

Capitol President Roosevelt's announcement of a "no starvation" relief policy, the United States conference of mayors voted to ask congress for enough cash "to meet a planned and comprehensive program for relief work and direct aid to meet the unemployment situation" through the fiscal year 1936-37.

Such a program would extend federal relief activities, including the dole, at least to June 30, 1937. The present relief program, as projected by latest white house statements, embraces a virtual end to direct relief by December 1, and expenditure of all but \$300,000,000 of the \$4,000,000,000 works appropriation by next June 30.

Mayor Fiorello M. LaGuardia of New York, newly elected president of the conference and member of the resolutions committee, declined to elaborate on the meaning of the resolution other than to say:

"The resolution asks direct aid as well as relief work that means we still want direct relief."

The group emphasized the necessity of appropriating funds for the 1936-37 fiscal year, as soon as possible, stating "we have learned from experience that greater efficiency can be obtained and economy effected by a longer-range program for relief work instead of month to month allocations." They urged that such appropriations be planned to synchronize with city budget periods.

Supplementing its general resolution on relief, the organization also proposed that "cities take proper steps to insure adequate and proper cooperation and contributions from their states."

G. ROOSEVELT ARRESTED IN CAMBRIDGE

Grandson Of Teddy Is Charged With Firing On Motorist

Cambridge, Mass., Nov. 20.—(AP)—Cornelius Roosevelt, grandson of the late President Theodore Roosevelt, was arrested tonight, with a companion after police reported they shot a motorist with a weapon described as "an imported air rifle."

Roosevelt and the companion, Peter DeLozore, were boozed on charges of assault with a dangerous weapon.

They were arrested by Patrolmen Hugh J. O'Neill and William P. Crowe of the Metropolitan district police at about 11:30 p. m. at the Cambridge, Boston newspaperman, was reported he had been struck on the neck by a small leaden bullet as he passed a Massachusetts Institute of Technology fraternity house on Memorial Drive.

The two officers reported their car had been struck by pellets at the same spot. They took the two men, students at Tech, into custody before they knew of Barry's complaint.

Barry was not injured.

Patrolman O'Neill's report said the windshield of the police car was peppered as it passed the fraternity house. The police drove out of sight and then returned. They finally signed the students, they said, shooting from an upper window of the building.

Simultaneously, he appointed a finance committee of 18, headed by William B. Bell of New York, president of the American Cyanamid company, to secure money for the "campaign against the alien doctrines and maladministration of the New Deal."

Fletcher said the purpose of the national committee meeting is "to fix the time and place of the 1936 republican national convention; announce the appointment of delegates to that convention; and the manner of their selection; and to transact such other business as may come before the committee."

In announcing the membership of the finance committee and the move to provide a big republican war chest Fletcher said:

"While I do not expect to raise a sum which can match the billions of the people's money the administration is now using in many flagrant instances for purely political purposes, I hope we can raise enough to defray the legitimate expenses of a straight fight against the New Deal."

Walter said the Mt. Vernon car company would continue as an independent organization.

East St. Louis, Ill., Nov. 20.—(AP)—Approval of a \$9,000 WPA project for Rockwood, Ill., providing 4 months employment for 21 men, was announced today by the Randolph county board of less than 200 reported it had no men available.

The money is to be used in constructing sidewalks. Labor probably will be imported.

Chicago, Nov. 20.—(AP)—Michael De Tente, 22, was named today in a federal warrant charging him with complicity in the attempted robbery of the University State bank Oct. 1, in which five persons were shot.

Assistant U. S. District Attorney Thomas H. Barry said De Tente was pointed out by several bank officials as the driver of one of the cars in which seven machine gun bandits drove up to the bank.

Dies

ADMIRAL JELlicoe.

LORD JELlicoe, ADMIRAL DURING WORLD WAR DIES

Commanded Biggest Fleet In History Against Germany

London, Nov. 20.—(AP)—Lord Jellicoe, British admiral who commanded the biggest fleet in the history of the world against Germany in the battle of Jutland, died today. He was 75 years old.

By coincidence the immediate cause of his death was an illness contracted during the recent Armistice Day celebration at the Cenotaph here. His illness was not announced until November 17, when a bulletin said the Earl had contracted a chill and would be forced to cancel his engagements for three weeks.

Although one lung was affected by the chill, as late as this morning his condition was reported to be satisfactory. He died at 6:30 p. m. in his home in Kensington, surrounded by members of his family, including Lady Jellicoe.

The Earl, whose long and distinguished naval career was climaxed by the gigantic battle of Jutland, became a Viscount in 1918 and the title of Earl Jellicoe of Scapa was conferred upon him in 1925.

His only son, the 17-year-old Viscount Brocas of Southampton, succeeds to the title of Earl Jellicoe.

G. O. P. National Committee Called By H. P. Fletcher

Will Meet In Washington To Arrange For National Convention

Washington, Nov. 20.—(AP)—The republican national committee tonight was summoned by Chairman Henry P. Fletcher to meet in the capital December 16 to arrange for the national convention.

Simultaneously, he appointed a finance committee of 18, headed by William B. Bell of New York, president of the American Cyanamid company, to secure money for the "campaign against the alien doctrines and maladministration of the New Deal."

Fletcher said the purpose of the national committee meeting is "to fix the time and place of the 1936 republican national convention; announce the appointment of delegates to that convention; and the manner of their selection; and to transact such other business as may come before the committee."

In announcing the membership of the finance committee and the move to provide a big republican war chest Fletcher said:

Will Be Placed In Hands Of McCarl Next Week

Washington, Nov. 20.—(AP)—Corn-hog officials completed today their draft of the proposed 1936-37 corn-hog contract, including recommendations of a farmers' committee.

Claude Wickard, corn-hog chief, said the tentative draft would be submitted tomorrow to finance, legal, and audit sections of the farm administration.

Anticipating no major changes, Wickard said he hoped the contract would be placed in the hands of Comptroller General J. R. McCarl for study early next week.

Most likely to be changed by other AAA experts, Wickard said, was the provision for a 10 to 30 percent range in required reductions in corn acreage next year. Corn-hog officials told farmers who recommended this that budgetary difficulties might make it necessary to limit the range to 10 to 25 percent or 15 to 25 percent.

All recommendations of the farmers' committee on major points of next year's program, Wickard said, were included in the proposed contract or in administrative rulings.

These included paying farmers \$2.50 a head for hogs produced up to 50 percent of their 1932-33 average. 33 cents a bushel on the estimated yield of acres freed from corn production, permitting hog production up to the 1932-33 average, and requiring farmers to plant 25 percent of their corn base.

Secretary Wallace said today he thought the cornbelt would benefit from the Canadian-American reciprocal trade pact.

Asked at a press conference if the cornbelt stood to profit by the pact, he said, "yes, I think so."

He noted particularly that the Canadian duties on pork were reduced and said before 1930 this country exported considerable hogs to Canada.

He said there might be an indirect gain to American exports there because of British quota limitations.

Prisoners In Indianapolis Jail Stricken

Seventy Two Men Become Ill After Eating Noon Day Meal

Indianapolis, Nov. 20.—(AP)—Physicians who treated seventy-two prisoners stricken after eating the noon meal at the county jail today theorized tainted food used in preparation of gravy probably caused their illness.

Five of the sick men were removed to the City hospital. Others were treated at the jail. Physicians predicted all would recover.

Sheriff Otto Ray said only those prisoners became ill who ate the gravy served with hamburger steak, mashed potatoes, bread and coffee.

A sixteen-year-old prisoner was the first to become ill. He was stricken as he left the mess hall, and a few minutes later several others became nauseated.

The sheriff summoned three physicians, then bolted all jail doors, fearing some prisoners might attempt escapes during the confusion.

Among the prisoners stricken was Edward (Foggy) Dean, convicted last night of participating in the slaying of an Indianapolis police sergeant. He faces a life sentence. Dean said he was taken to the hospital, but his request was denied.

Len Small Pays Bank Liability

Springfield, Ill., Nov. 20.—(AP)—Former Governor Len Small of Kansas today paid his full liability of \$30,000 as a former stockholder of the defunct Ridgely-Farmers State Bank. The payment was made in circuit court by Attorney Werner W. Schroeder of Chicago, representing Small.

Small became the first of the former stockholders to settle with the Farmers' State Bank. He owned 531 shares of stock in the bank from its opening Feb. 3, 1919, until July 23, 1927, when he sold it.

DENIES REPORTS

Mt. Vernon, Ill., Nov. 20.—(AP)—R. K. Weber, president of the Mt. Vernon Car Manufacturing company, announced today there was no foundation to reports circulated several days ago, that his company had merged with other car manufacturing concerns.

Walter said the Mt. Vernon car company would continue as an independent organization.

East St. Louis, Ill., Nov. 20.—(AP)—Approval of a \$9,000 WPA project for Rockwood, Ill., providing 4 months employment for 21 men, was announced today by the Randolph county board of less than 200 reported it had no men available.

1936-37 CORN, HOG CONTRACT IS DRAFTED

Will Be Placed In Hands Of McCarl Next Week

Washington, Nov. 20.—(AP)—Corn-hog officials completed today their draft of the proposed 1936-37 corn-hog contract, including recommendations of a farmers' committee.

Claude Wickard, corn-hog chief, said the tentative draft would be submitted tomorrow to finance, legal, and audit sections of the farm administration.

Anticipating no major changes, Wickard said he hoped the contract would be placed in the hands of Comptroller General J. R. McCarl for study early next week.

Most likely to be changed by other AAA experts, Wickard said, was the provision for a 10 to 30 percent range in required reductions in corn acreage next year. Illinois House Is Warned That State Sales Tax Might Be Increased to Four Cents

By Curtis R. Hay

Springfield, Ill., Nov. 20.—(AP)—A warning that the state sales tax might be raised to four cents next year was given to members of the House of Representatives today by Majority Leader Benjamin Adamowski, Chicago, during debate over an old age pension appropriation measure.

Adamowski's warning came after Elmer Schnackenberg, Chicago Republican, offered an amendment to the old age pension appropriation bill which would have increased the amount to \$10,000,000 from \$5,000,000.

"How do you think we can get another \$5,000,000," Adamowski asked Schnackenberg?

Read Cutler, Lewistown Republican who was floor leader under Gov. Len Small, then asked Adamowski about administration plans for cutting the sales tax.

"Their whole problem," Cutler said, "is deciding how far ahead of the primary the session to cut the tax should be held." Cutler referred to a recent announcement by John Stille, state treasurer, that with certain contingencies the tax could be cut.

"Just because a candidate for office made the statement it could be cut does not give the report credence," Adamowski replied. "As a matter of fact we'll be lucky if we don't have to come back next year and raise the tax to four cents."

"You'll never get me to vote for a four cent tax," shouted Schnackenberg.

Adamowski said he was not making the statement on authority of anyone except of his own knowledge of financial conditions.

Schnackenberg withdrew his proposed amendment when F. W. Lewis, Robinson, Democrat, offered an amendment that raised the appropriation to \$9,000,000. The measure, after amendment, was advanced to the passage stage.

Adamowski promised to renew the fight against the increase tomorrow.

"Do you think the administration has an Aladdin's lamp you can rub and get money?" he asked Schnackenberg. "Just because the present administration cleaned up the \$11,000,000 deficit left by your party and has paid its bills as it went along is no sign it can dig up money so easily."

Richard Lyon, Libertyville, and Dennis Collins, Dekalb, minority member, reiterated attacks they made last week against the old age pension when that measure was passed.

Lyons asserted the money "was taken and can't be spent." He said the state, although it raised more than \$5,500,000 in June and July from the sales tax paid only \$286,000 during those two months for support of the poor through the IERC.

The House in its afternoon session also tumbled on the proposal to restore the statute making a speed of 45 miles per hour prima-facie evidence against a driver. After beating the 45 mile proposal, 52 to 37, it approved an amendment restoring the statute at 55 miles an hour by a vote of 46 to 39.

A dozen other bills, including one to appoint a commission to study unemployment insurance problems, also were advanced to third reading. Action on these bills put the House in position to pass nearly thirty bills tomorrow, virtually cleaning up its work in the special session. If the Senate does not send over the insurance code.

At a hearing last week on a proposed marketing agreement for this area, an official of one large dairy firm testified his company was losing 23 cents on each quart of milk delivered.

Mother, Sons Meet After 23 Years

Omaha, Neb., Nov. 20.—(AP)—Mrs. Dora McIntire of Omaha, was reunited today with her sons, Edward, 26, and Henry, 24, of Redwood, Ill., after a separation of 23 years.

"I'm so glad to see you, you don't remember me?" the mother said as her sons reached her side.

"No, we couldn't," Henry replied. "The sons were located when Virgil Nye, Omaha attorney, heard of a search for them, and recalled that when he was in Illinois he had met two young men who said their name was McIntire. Edward and Henry were placed in an orphanage 23 years ago by their mother."

WILL APPEAL DECISION

Chicago, Nov. 20.—(AP)—The State of Illinois lost an attempt today to make former Mayor William Hale (Big Bill) Thompson account for \$72,794.47 spent by the Mississippi Valley Flood Control Association he launched to help victims of the big floods of 1927.

Attorney General Otto Kernier immediately announced that he planned to appeal the decision to the Illinois supreme court.

SOME LAWBREAKER

Omaha, Neb., Nov. 20.—(AP)—Jack Stags was held today on charges he gave a worthless check for a marriage license, another for a tax to the court house, still another to the justice who performed the ceremony and that he married Billie Ruth Sims while still the husband of Delphia Stags.

QUESTION STATEMENT

Washington, Nov. 20.—(AP)—The Securities Commission said today it had "reasonable grounds" to believe a registration statement filed by American Radio and Television Corporation of New York contained untrue statements or omitted required information.

In some counties there has been a 100 per cent demand for pensions by residents of the institutions.

FEAR POISONED SODA CAUSED 20 DEATHS IN WEST

Housewives Who Purchased Lethal Stuff Are Warned

San Francisco, Nov. 20.—(AP)—A city wide scare over poisoned baking soda led today to an investigation into 20 recent deaths, orders for the arrest of two men and issuance of a blanket warning to hundreds of housewives who bought the lethal stuff.

Three deaths and 19 severe illnesses already had been officially attributed directly to use of the compound, distributed by a retailer in a bargain sale.

Investigators apparently paid little attention to anonymous theories that the soda was deliberately poisoned by someone bent on mass murder.

The main concern of City Health Officer J. C. Geiger was to prevent consumers from using the 800 pounds they had purchased. The product was related in bags containing one or two pounds.

Warrants were issued for the arrest of Nick Manno, in whose establishment the soda was barreled, and for Morris Rosenthal, named by police as an executive of the store which recalled the compound.

Subsequently Joseph Rosenthal, an executive of the retail store, told the police warrant clerk that Morris Rosenthal had been dead for several years. Joseph, a son of Morris, accepted service of a corrected warrant and was released under \$250 bail. Dr. Geiger said Joseph Rosenthal was one of the 13 made ill by the soda.

Dr. Geiger said 20 deaths from gastrointestinal disturbances in the last two weeks might be traceable to the contaminated product. This was the basis of his investigation into that angle.

Police sought the source of the poison at the wholesale establishment where the soda had been dumped from broken retail packages into barrels for bulk sale.

They were advised by Dr. C. D. Leake, department of health chemist, that the poison was 40 mixed with the soda that it could not have just come from the sides of dirty barrels.

"It might have come into the soda," Dr. Leake said, "by being dumped in by mistake. With the only evidence we have, I can't say there is anything pointing to criminal intent."

I have been salvaging soda from broken packages for years and have never had any trouble before," Manno said.

Hundreds Attend FitzHenry Rites

Bloomington, Ill., Nov. 20.—(AP)—Eminent jurists and hundreds of friends attended funeral services today for Judge Louis FitzHenry of the United States Circuit Court of Appeals.

A line of mourners filed passed the Judges bier as it lay in state in the Second Presbyterian church before the service, in which the Rev. Dr. Harold R. Martin eulogized Judge FitzHenry.

His colleagues, Judges Samuel Alschuler, Evan A. Evans, and Will M. Sparks, and many Federal District Judges paid Judge FitzHenry their last respects. He died Monday after a long illness. He was 65.

Governor Henry Horner and several former chief executives of the state, with members of the state supreme court and a number of persons prominent in civil life, were honorary pall bearers.

HEBREW CLASS MEETS AT WILSON HOME

The Helping Hand Class of Hebrew church met recently with Miss Anna Mae Wilson. The president, Mrs. Maude Sever, presided at the meeting. The program presented for the afternoon was as follows:

Devotions—Mrs. Estelle Curtis. 1918—America's Destiny Is at Home!—1935—Mrs. Maude Hopper. Raising Youth's Morale—Mrs. Clara Brown. Armistice Day—Mrs. Ada Dobbie.

A social hour followed. Delightful refreshments were served by the hostess. The class adjourned to meet with Mrs. Kate Brown, December fifth.

ITALO-ETHIOPIAN SITUATION DISCUSSED

The Italo-Ethiopian situation was discussed at the regular meeting of the high school Forum last night. The question for debate was—Resolved: That France should side with Great Britain against Italy in the Ethiopian situation.

The affirmative, upheld by Manfred Ruby and Becky Ranta, was awarded a close decision over Barbara Butler and Ruth Finley of the negative. Judges were Betty Lou Oxley, Ella Marie Newberry and Joe Doods. A very interesting critic's report was rendered by Ralph Dunlap.

Lobsters Are Free

Maybe somebody will be interested to know that, under the new U. S. Canadian reciprocity pact, lobsters are on the free list. They can go and come across the Canadian border in any numbers and at any time without molestation by customs officers. Neither country is charging any tariff on lobsters, which ought to give a big boost to the tourist trade.

Just what effect the pact will have on trade between the two countries is not certain, but if it will restore the volume of commerce that existed in 1929, it will be well worth while, in spite of what critics say against it. Canada has been for years this country's second best customer, buying more than half her imports from the United States. In 1929 the Dominion bought from us \$940,446,000 worth of goods, largely manufactured articles. By 1933 this volume had dropped to \$185,480,850, or a loss of about 75 per cent.

At the same time our own imports from Canada dropped from \$593,000,000 in 1929 to \$232,000,000, or a drop of about 60 per cent. The loss was heaviest to American manufacturers who had been selling goods in Canada. Exports of coal dropped fifty per cent, raw cotton fifty per cent, petroleum products more than 80 per cent, iron and steel plated from \$8,000,000 to \$200,000, structural steel from \$11,000,000 to \$345,000.

These are only a few of the trade lines that suffered from the decline in commerce with Canada. If the new reciprocity treaty can bring back this lost trade, it will help employment in factories on this side the line.

English And Traffic

"Do you know that some boy or girl is killed every day in Illinois because they walked on the highway with their back to traffic?" Thus does the State Highway Department give warning to the Children of Chicago on 100,000 cards.

Chicago teachers don't object to the warning, but they think the English is horrible. Here they've been trying to teach the little Chicagoans to mind their grammar, and the state goes to work and scrambles plurals and singulars and messes up punctuation. It's just too awful for words.

Yet here is a poster for the teachers. The state said "some boy or girl," using the singular, and then when it came to using a pronoun, the writer was in doubt as to whether it should be masculine or feminine and resorted to the plural "their." "His" would appear strange in the presence of "girl," and vice versa. This combination has always been a stunner for us, and we have nothing but sympathy for the composer of that traffic warning. He might have hedged by changing the sentence but he didn't. Instead he waded right into a grammatical trap and got himself in trouble with the school ma'ams.

Anyhow we will assume that the Chicago kids who read the warning understood it, and if they walk with their back to traffic in future, it will be their fault. In case of accident, grammar will make little difference.

Conquest Only

Mussolini has let it be known that he is conquering Ethiopia to secure raw materials and provide room for Italian colonization. For less than it is going to cost him to subdue the African territory, the Italian Caesar could buy coffee from Brazil, rubber from South America, cotton from the United States, and whatever else his country needs from other portions of the world where people would be more than willing to sell their raw materials on a foreign market.

To establish a colony of 100,000 Italians in Ethiopia will be a costly venture, and to maintain them until they can begin to produce will cost still more. Italy does lack resources, which makes her standard of living one of the lowest in Europe, but she is too poor to afford a war of conquest, no matter what might be the gain. Her gold reserve is falling fast, and Mussolini's Fascist government has already piled up a national debt of 110 billion lire, which is more than eight billion dollars in our money.

The sole excuse for this war in Ethiopia is to unite the Italian people at home and keep them off Mussolini's neck. He has used anti-British propaganda to help along the idea, and has got the British lion so angry that the future prospects for peace in Europe are very dark.

Mussolini has stepped into a bad situation and has gone too far to back out. He may win in Ethiopia, but the cost will be too heavy for his country to bear. When the crash comes, it will be a question whether he can hold what he will have gained.

The Public Should Know

The decision of the Texas court of criminal appeals that newspapers have a right to publish court trial proceedings is a welcome reaffirmation of the right to a free press. A prison farm convict was tried for murder in a Texas court some time ago, and the judge ordered newspapers not to print the testimony that was given, fearing that it might interfere with getting juries for the trials of two of the prisoner's associates.

The newspapers printed the testi-

WELL, IT'S AN APPROPRIATE TIME

mony anyway, and the judge had six reporters and editors cited for contempt. The decision of the higher court clears them.

It is possible to admit that the judge's fears of the effects of publicity on the later trials may have been justified, and at the same time to insist that this is overshadowed by a larger principle.

Once you make it possible for a judge to conduct a trial as a star-chamber affair, you open the way to all kinds of abuses. The newspaper reporter in the courtroom is, ultimately, the public's chief protection.

Behind The Scenes In Washington

PWA Isn't Quite 100 Per Cent American . . . Ickes Puts Across a Rum Deal . . . and Takes a Sly Thrust at Critics . . . U. S. Treasury Has No Foreigners in Vienna . . . "Foreigners" Hold Oklahoma's Top Jobs.

By RODNEY DUTCHER
Journal-Courier Washington Correspondent

Washington—If you snooped through all the thousands of PWA projects over the country you might find a hundred or more instances where contractors or subcontractors had used small supplies of building materials purchased abroad.

Orders for relatively infinitesimal supplies of German steel and French cement have caused recent furor. But other nations have also done their modest bit.

England, for instance, has sold a small amount of steel, a larger amount of a certain metal netting used to sustain plaster and some other building materials. Sometimes contractors buy foreign goods to get a cheaper price and sometimes because they prefer the quality. Sometimes for both reasons. It will be harder to buy them for either reason, as a result of recent agitation, unless Secretary Ickes formally decides American producers are trying to soak the public through collusive bids.

The distillery man swore he would

never deal with the government again as long as he lived.

(In Ickes' office are a dozen small bottles of government-sponsored Virgin Islands rum of various ages, never touched and alleged to be unfit for human consumption. But certain officials recently received a large sample of this rum, aged 18 months, which many true patriots here agreed was as good as any foreign brand of West Indian rum aged five or six years.)

An All-America Trophy

"Thank you, ladies!" exclaimed Ickes dryly as a messenger, at the beginning of his press conference on German steel, brought in a tall tennis trophy cup recently won by the PWA team in an inter-departmental tournament.

"That," he explained, "is American silver, made by American workmen, engraved by American engravers, and resting on a base of American ebony."

Our Credit Is No Good

The administration contention that the United States Treasury is the soundest financial institution in the world received a setback recently—in Austria.

The Department of Agriculture had been buying cattle and horses for experimental purposes. The Austrian government had rounded up the animals and received a check for several thousand dollars on the Treasury in payment.

The official Vienna bank promptly turned back the check—it wasn't on any of their "accredited banks." The American legation had to get very busy before the matter was straightened out.

Oklahoma the other day celebrated the 20th anniversary of her statehood.

On the word of Oklahoma Patrick J. Hurley, former secretary of war, Oklahoma has never had a native-born governor or U. S. senator and at this time none of her congressmen is native-born.

AUTO ACCIDENTS

Editor:

The forum has just finished reading an article on fatal automobile accidents copied from the READERS DIGEST. It is the most realistic story I ever read. In it the writer makes the statement that the number of fatalities last year was 36,000. Just think of two cities the size of Jacksonville being wiped out in 365 days, and a village the size of Concord being made DESOLATE in only 24 hours. Some of the dead were mangled up so their own folks would be unable to recognize them while others were "beautiful in death."

Elmer Skelton, who is employed with the C.I.P.S. at Peabody, spent the week-end here with his wife and children. The Skelton family, who have been living with their parents, Mr. and Mrs. J. E. Turner, have moved to the old Turner homestead. Delbert Pitchford and family visited in Waverly Monday with his father, D. W. Pitchford, who is quite poorly.

Centerville People Compliment Couple

Mr. and Mrs. Burt Martin Are Guests of Honor at Party Shower

Centerville — The Centerville 4-H club held its regular social meeting of the month at the home of Mr. and Mrs. J. L. Stillwell, last Friday evening. At that time members of the club complimented Mr. and Mrs. Burt Martin, who were married during the year, with a miscellaneous shower. Many beautiful and useful gifts were appreciatively received by the couple.

After an enjoyable time spent with music and games, refreshments of sandwiches, pumpkin pie and coffee were served. The meeting next month is to a pot-luck supper at the home of Mr. and Mrs. Lewis Sprinkle.

Farmer Infant Dies
The infant daughter, born to Mr. and Mrs. Earl Farmer, Saturday, Nov. 9, passed away at the family home three days later. Funeral services were held at the residence and burial at the New Hope cemetery. The family have the sympathy of the entire community in their bereavement.

LeRoy Rouland was called last week for enrollment in CCC service and left Wednesday for Camp Des Plaines, near Chicago. His parents and brother Mr. and Mrs. Bill Rouland and Billy Rouland, Jr., accompanied him as far as Jacksonville.

Mr. and Mrs. J. L. Stillwell and daughters, Elvora and Josephine, accompanied by Mrs. George Dorwart and children, of Waverly, returned home Wednesday after a several days' visit with relatives and friends at Beardstown.

Olis Stewart and son, Theodore, have been husking corn near Wagoner.

Mr. and Mrs. Thos. Edwards were Jacksonville shoppers one day last week.

Mrs. Rebecca DeLong is down from Springfield visiting at the home of her daughters and son, Roy Crum, Mrs. Olis Stewart and R. E. DeLong.

Enith and Clarence Miner, Mr. and Mrs. Bert Martin, Joe Stillwell, and family, Walter Timmons, Lowell Eldridge and Billy Rouland attended the dance at Rober Saturday night.

Albert Collins, who has been seriously ill with rheumatism, is slowly improving. Owing to the bad roads it was necessary for his removal from his home to Waverly to the home of his wife's brother, Raymond Miner, for medical attention. A daughter, Ruth Collins, is also at the Miner home for observation, for what it is feared appendicitis. Mrs. Collins is there caring for them.

Mr. and Mrs. Wm. Stewart, of Waverly, have returned home after being here some time at the home of her parents, Mr. and Mrs. Earl Farmer. Mrs. Stewart is assisting in the care of her mother.

The box supper held at Harmony school was attended by one of the largest crowds in years, and the large number of boxes sold exceedingly well. The program was attentively received. Sale of the boxes will be used for the purchase of books for the school library. Mrs. Ethel Miller is the teacher.

I.C.C. Sets Hearing On Removing Alton Trains for Dec. 17th

Local Delegation Will Make Vigorous Protest as to Curtailing Service

A letter was received at the Chamber of Commerce yesterday from W. G. Brown, passenger traffic manager of the B.&O. railroad, stating that the intention to remove Trains 27 and 28 from the Alton branch through this city is authentic. He stated also that the Illinois Commerce commission has set Dec. 17 as the date for the hearing and the hour as 9:30 a.m.

Jacksonville business groups and citizens are planning to protest the removal of the trains and will be out in force for the hearing. Every effort will be made to keep the only remaining passenger service on the Alton.

ing passenger service on the Alton. These trains afford good connection to and from Chicago and carry mail. Jacksonville people have seen the railroads which once served the city so well cut their passenger train schedules until it is now difficult to get in and out of town by train. Service on the Alton has been curtailed to a point where there are only two passenger trains daily. There is practically no train service to St. Louis. The citizens are becoming aroused over the situation, and the commerce commission may look for a vigorous protest on the day of the hearing.

The Screen Reporter

ANNA KARENINA

Comment from Times of September 8th: "Considered as a reproduction of a celebrated novel, Anna Karenina is intelligent, reasonably faithful and less likely to arouse sympathy of affected agony than any other recent effort of its kind. Considered on its own merits as a picture, it is the best in which Greta Garbo has appeared since 'Mata Hari' and should on this account delight millions of cinemagoers who have never heard of Tolstoy and could not spell out his stories if they had. Good shot. Vronsky's first glimpse of Anna, through steam blowing across her face from the engine of her train, Greta Garbo in 'ANNA KARENINA' will open today at the FOX ILLINOIS. In the cast with Garbo are Freddie March, as Vronsky, Freddie Bartholomew of 'David Copperfield' fame, Maureen O'Sullivan, May Robson, Basil Rathbone and Reginald Owen.

If Mr. Oliver Kolmer of 132 Oak St., will call at the box office of the Fox Illinois today he will receive two complimentary passes.

VALLEY OF WANTED MEN

One of the most realistic prize fights the screen has ever shown is one of the high spots in the dramatic thriller "VALLEY OF WANTED MEN," which opens Friday at the FOX MAJESTIC Theatre.

The fight, a real rough-and-tumble affair, takes place when the hero of the story, Roy Mason, meets face to face the man responsible for sending him to prison on a trumped-up charge.

For gripping drama, machine-gun-like climaxes and suspense, the picture, which is from the best seller by Peter B. Kyne, is one of the best ever shown on the local screen.

It opens with a blast of machine-gun fire as the convicts break from their prison, and follows the flight of three desperate men as they return to even accounts with the smug and respectable citizen who railroaded them to the penitentiary. The picture stars Frankie Darro, one of the greatest juvenile boy stars in Hollywood, and includes in its cast Roy Mason, Russell Hopton, Grant Withers, Drew Leyton. There are two complimentary passes at the box office of the Fox Majestic for Elmer Whalin, 316 W. Douglas Ave.

Terry and Frisch Admit They Have Made Deal But Will Not Announce It Until December

By Paul Mickelson

Associated Press Sports Writer

Dayton, O., Nov. 20.—(AP)—Rumors and denials fought to a noisy 24-hour draw today at the annual Minor League baseball meeting.

Except for an admission by the New York Giants and the St. Louis Cardinals that they had made a deal, and a few scattered minor league swaps, every rumor was up in the stratosphere with the managers firing at them with denials.

Manager Bill Terry of the Giants and Frankie Frisch of the Cardinals said their deal would not be announced until the major league meeting in Chicago next month. The general impression was that the Giants swapped either Pitchers Roy Parmelee or Fred Fitzsimmons for Second Baseman Burgess Whitehead, a fine fielder held on the Cardinals bench by Manager Frisch.

Frisch had been hot after a pitcher; Terry had admitted he was just desperate for a second baseman. Of the two guesses on the Giant pitcher involved, the leading one was Parmelee. The only other certain development of major league importance was that

the Chicago White Sox had Al Simmons, slugging outfielder who didn't slug enough last season, on the block for \$100,000 in cash or a flock of players. Manager Mickey Cochrane of Detroit went into a huddle with the White Sox officials, ostensibly to discuss a deal whereby Simmons would go to the world's champs for Outfielder Gerald Walker, a pitcher and Third Baseman Gilbert English, a recent Tiger import of promise from Portland.

Reports that the Philadelphia Athletics had sent Jimmie Fox, Roger Cramer and Eric McNair to the Boston Red Sox for Third Baseman Bill Werber and a big wage of Tom Yawkey's money drew such a stormy denial from Eddie Collins, general manager of the Red Sox, that many baseball men were sure they were true.

Collins, Joe McCarthy and Bucky Harris chorused a denial of any knowledge of a reported three-cornered deal involving the Yankees, Red Sox and Senators whereby Boston would get Outfielder Heinie Manush and Pitcher Jack Russell from Washington, the Yankees would obtain Outfielder Roy Johnson from Boston and

Pitcher Bump Hadley and Johnathan Stone from Washington, and the Senators would receive Outfielder Ben Chapman and Pitchers Jimmy Murphy and Jimmy DeShong from the Yankees. Yet, from a good authority, it was heard the deal would be announced momentarily.

Illini Cagers Will Play 19 Contests

Champaign, Ill., Nov. 20.—As the Illinois football season draws to a close with the Chicago game here Saturday, basketball prepares to take a bow.

Coach Craig Ruby's Illini co-champions are making ready for a campaign which will include competition with 12 conference and seven non-conference opponents over the season here on December 7 against St. Louis. An innovation is an engagement with DePaul in the Chicago stadium Dec. 20. University of California will lend intersectional color when the Bears from Berkeley play in the Illinois gym during the Christmas holidays.

High school basketball teams of the state will be invited to attend one of the three opening games. St. Louis, Wabash or DePaul, as guests. Admission will remain the same as last season, 75 cents for Big Ten games and California, and 40 cents for non-conference contests.

The schedule is as follows:
Dec. 7—St. Louis.
Dec. 11—Wabash.
Dec. 17—DePaul.
Dec. 20—DePaul, in Chicago Stadium.
Dec. 28—At Knox.

Mr. and Mrs. Clint Corrington of New Berlin spent yesterday shopping in the city.

Three former baseball players here have been reserved for next year, according to information released in this week's copy of the Sporting News.

Jim Wynn, who is assisting Coach LaRue Van Meter in getting the Illinois College basketball team ready for the indoor campaign, has been placed on the Charlotte club of the Piedmont league for the coming season, after spending his first year in the Northern league with Eau Claire. Elvert Swanson, the North Central lefty who accompanied Wynn to Eau Claire, is still listed with that team next year.

Dave Lawless has been reserved by the Dallas Stars to play with that club during the coming season. Lawless is in with a bunch of old heads in the business and is getting some of the most valuable experience. He has remained in Dallas this winter, and is selling automobiles.

Floyd Newkirk also has been put on the reserved list by the San Francisco team. Newkirk has returned to the coast with his parents, to spend the winter.

Newkirk is in an AA circuit. Lawless is in an A league, and Wynn is in B loop.

"Charleyhorse," the term used to describe stiffened muscles, was one of the brain child Billy Sunday, the late evangelist gave to the athletic world. It all came about when Sunday wagered a few frogskins on the outcome of a race, in which he had been tipped that a horse named Charley would finish first.

The horse didn't—but finished last. The following day when Sunday was coaching at third base, one of his team mates lapped a long fly to the outfield, raced around second, and then suddenly pulled up, limping into third base, with a pulled tendon. Sunday shouted "Here comes Charley Horse," and the name has stuck ever since.

We don't know for sure, but one of the former Illinois College grid players expected to be on the trip of the St. John's Military Academy team is taking to the west coast to play the Black Foxe Military Academy at Hollywood.

Allen Smith, who played football and jumped hurdles at Illinois College, is one of the assistant coaches at St. John's.

Manito high school, where Alvan "Red" Taylor, another former Illinois College baseball player, is coaching is expecting to turn up with a bang-up basketball team this year. Taylor's team turned back Ashland the other night in a nip and tuck battle.

Illinois College will say good-bye to one of the best lines that has worn the Blue for a number of years when it bids good-bye to this year's team Saturday.

Two of the boys, Willis Munger and Abe Pedurs, in our estimation are eligible for nomination to the All-Star team which next fall will play

MCKENDREE SPIKER

This photo will serve as a preliminary introduction to Keeneeth "Spiker" Wilson, outstanding halfback in the Little 19 conference this year, who will appear against Illinois College this Saturday when the McKendree Bearcats attempt to finish off their claim to a conference title. Wilson is a former Granite City boy, and is accredited with pulling two games out of the fire this year, single handed. He ran 70 yards Saturday to the Southern Teachers, and nine yards to beat North Central.

OVER 300,000 HAVE SEEN GOPHERS PLAY

Minneapolis.—(AP)—A third of a million fans will have watched Minnesota's Golden Gophers glitter on football fields this fall. This total, officials estimated today, will develop in the expected 40,000 crowd at the Wisconsin game here Saturday.

Except for the opener, Minnesota has played to at least 40,000 in each game. In round numbers, the crowds aggregated 180,000 at home and 120,000 on foreign fields.

The Chicago Bears, Louis Davis and Mervyn Dymally are not far behind, and Fred Coleman, an end, has been playing his best game this year after three years of effort.

Those five players are going to be missed next year, because there is nothing on the campus now that can compare with them, with the possible exception of a lad named McWard, who is heading for one of the varsity positions right now.

A couple of Johnston City boys, now coaching in these parts, have arranged to bring their basketball teams together this year. They are Petersburg, where "Mose" Pearce is directing the work, and Chandlerville, where Coach C. O. McMullin is the head man.

North Carolina didn't come out so badly at that. They were turned back 25 to 0 by Duke University, but they took home \$50,000 as their share of the gate receipts. The Duke-North Carolina game broke all records for attendance in the south.

Hanover College alumni are planning a banquet for their football team when it comes to Illinois Wesleyan for a game Thanksgiving day.

Chicago Expected To Bring Trouble

Berwanger And Company Meet Illini Saturday In Big Ten Windup

Champaign, Ill., Nov. 20.—The respect which Coach Bob Zuppke and his Illini entertain for the prowess of Capt. Jay Berwanger of Chicago has been demonstrated by the activities on the Illinois practice field this week.

Making ready for the last game of the season in the Illinois stadium against a Maroon team that is expected to be keyed for a supreme effort, the name that has been constantly on the lips of the coaches has been "Berwanger."

For two years now it has required all the skill and brawn of the Illini to hold the mighty Maroon scoreless, a feat that few Big Ten teams can match when the star was in condition.

Advices from the Midwest indicate that Chicago hopes to regain the peak of its season's form which was reached against Ohio State. The Maroons lost to the Buckeyes 20 to 13 but led them 13-0 well into the third quarter.

Berwanger as a Maroon has scored 148 points in his career to date. As a sophomore he made eight touchdowns and gained 672 yards from scrimmage, averaging 3.7. As a junior he gained 593 yards from scrimmage, an average of 4.4. He scored eight touchdowns. Up to the Indiana game this year Berwanger averaged better than five yards a try every time he handled the ball as a ball-carrier or passer, and much better than five as a returner of punts and kick-offs.

Against Illinois two years ago Berwanger carried the ball 37 times, the same number as the entire Illinois backfield, and gained 83 yards as compared to the entire Illini total of 83.

Berwanger is 20 years old, six feet tall and weighs 200 pounds.

Illinois has a Jay, too—Jay Wardley, freshman halfback who has been impersonating the Maroon star in scrimmages this week as the freshman demonstrated Maroon strategies to the varsity.

Chicago adherents will follow the Maroons en masse to the stadium, headed by the Chicago band. Illinois, hopeful of closing the season with a victory, expects a desperate struggle against an inspired Maroon team led by one of the greatest football players in the land.

Alsey Gets Revenge For Earlier Defeat

Alsey, Nov. 20.—Alsey High School defeated Manchester here Tuesday night, 40 to 8. Alsey took the lead from the very first and were never slowed. Ingram was the high scorer of the game with 17 points.

This victory avenged an earlier defeat by the local, at which meeting Manchester won, 25 to 20.

In a certain raser, the Alsey grades staged a last half rally to defeat the Bluffs grade school, 16 to 10, after trailing at the end of the half, 7 to 4.

RED GRANGE'S GRID SHIRT IS MISSING

Matt Bullock Has No Idea Where It Is

Champaign, Ill.—(AP)—One of the prizes of the University of Illinois treasure chest of trophies—Red Grange's "77" football jersey—was missing today.

Matt Bullock, Illini trainer, who last saw the jersey, said: "Following the Ohio State game in 1925 the jersey went to the cleaners along with the others, and when it came back I put it away in my desk. It stayed there several years, but it's gone now and I haven't the slightest idea what became of it."

Mary Alice Tazwell of the Central Point school and Russel Hembrough of Cross Roads spelled all the words correctly in the spelling contest held at Woodson last Wednesday.

Mrs. Annie Hembrough and family, Mrs. Frank Hembrough and son Bobby and Mr. and Mrs. Dimmitt Trotter and family spent Sunday with Mr. and Mrs. John Cully.

Wilbur Hembrough of Peoria spent Sunday with Earl Mortimer.

Ashland and Quincy Highs To Knock Lid Off Season On Local Court Dec. 6, 7

Leading off with two tough opponents in as many nights, Routt high's Roaring Rockets will open their basketball season here Dec. 6 and 7 with Ashland and Quincy. The opening night and Quincy senior high here the night following. The two teams will be met later on their own courts in part of the 17 game schedule arranged thus far.

There are four open dates on the Routt schedule, all of which Coach Bapstist would like to fill. They are Dec. 13, Dec. 21, Jan. 18 and Feb. 22. Prospects are not so good for the Rockets this year, but Coach Wallace Bapstist has gone to work already in building this year's team. Only four players from last year's squad two of whom played regularly, will be available this year as the coach builds his team almost from the ground up.

Veterans available are Raymond Lawrence and George Fritschner, guards from last year, and Bud Larr and Bill Buoy, forwards on last year's team. Some of these players will be hard pressed to hold their positions, with a likely looking bunch of youngsters coming along to take their places.

Three six footers, Beerup, Isaac, and Pike are among the candidates for the team, along with Balkan, Shanahan, Magner, Behrens, Gregory and William Galtens, and Maloney. Of this group Behrens appears to have the most promise, having played high school basketball for three years at Hillview before enrolling at Routt. The Rockets are booked for two games with Illinois School for the Deaf, keeping alive the rivalry that has developed between these two teams.

Waverly Looking For Good Quintet
Waverly—Waverly is looking forward to a strong team, at least by district tournament time. Coach Markel has three lettermen back from last year's M.S.M. championship team.

Waverly Looking For Good Quintet
These lettermen Elliott, Mitchell, and Newberry form the backbone of a winning team. The success of W.T.H.S. depends entirely on new men. Morris, a star of last year's Junior High team has won one position and Smith, O'Donnell, and Bryant, all new men, are fighting for the other berth. Gilbert Roller, star guard from last year's team will be eligible the second semester and will undoubtedly strengthen the team.

Waverly Looking For Good Quintet
Early season games show the need of experience on the part of several of the new men. Jacksonville and I.S.D. will meet Waverly late in the season and both games should be lively contests.

Waverly Looking For Good Quintet
Waverly bowed to Pawnee 25-17 in the season's opener. Elliott and Mitchell rung up a 9-2 lead at the end of the first quarter but went out on fouls soon after and the unseasoned reserves could not stop Pawnee's experienced team.

Waverly Looking For Good Quintet
Champaign, Ill.—(AP)—One of the prizes of the University of Illinois treasure chest of trophies—Red Grange's "77" football jersey—was missing today.

Waverly Looking For Good Quintet
Matt Bullock, Illini trainer, who last saw the jersey, said: "Following the Ohio State game in 1925 the jersey went to the cleaners along with the others, and when it came back I put it away in my desk. It stayed there several years, but it's gone now and I haven't the slightest idea what became of it."

**It's
The Hit
of this
Season**

The chief charm of this good looking suit is that it gives the average man a break he hasn't had from tailors in many years. It widens and strengthens his shoulders . . . it gives him depth and breadth of chest . . . it's long lapel-line adds height . . . it's neatly indented waist and tapered trousers register slenderness and grace.

We worked this model out with designers and tailoring experts just as carefully as though its price were three times \$29.50. . . . Come in and see it, try it on, give it a chance to show what it can do for your figure and your personality. And don't forget the fabrics, refreshingly new . . . all our own; in the pattern ranges the chalk stripes lead the field.

P. S.—You will note how the long lapel rolls to the bottom button in this new Double Breast model. We call it the Astaire Model.

IN HATS

It's the rough finish felts, velours, satin finishes, etc.—available in snap brim, bound edge, or Homburg styles.

Heads Campaign

DR. HAROLD C. JAQUITH
General Chairman of the Y.M.C.A. Campaign

A united effort on the part of the community for a distinctly community enterprise such as the "Y" is always a stimulant to the city as a whole. The enthusiasm of accomplishing something worth while, the fact of working together for a common end, acts like a leaven in Jacksonville needs to establish confidence in itself and develop its potential greatness. It's a great town—to live in—to work in. We must not only believe it but demonstrate its essential values. Our interest in the young people, boys and girls, young men and young women, is evidence of our faith in the present and the future. Let us set ourselves to the task of making Jacksonville a livable community, a livable community, a live community.

**Arthur Hull Yet in
Critical Condition**

Injured Youth Unconscious,
But Hope Held Out for
His Recovery

The condition of Arthur Hull, who was injured Monday afternoon when he ran into the side of a car on West State street, remained unchanged Wednesday. The young man remained unconscious, and physicians did not feel justified in moving him to take an x-ray. His condition is considered critical, but he is holding his own.

Hull has a severe head injury, probably a fractured skull. The fact that he has remained so long in a comatose state indicates the gravity of the injury. However, there is still hope of his recovery, as persons suffering from such injuries have been known to remain unconscious for many days, and yet ultimately recover.

BEARDSTOWN
The Congregational church ladies whose birthdays occur during the month of November will celebrate with a birthday tea to be given in the church parlors Friday afternoon from 3 to 5 p. m. November 22.

Mrs. Mary Zahn of St. Louis is visiting here with her sister, Mrs. John Koch.

Donald Sayre spent the week-end here with his parents. He is attending school in Moline.

Mr. and Mrs. Raymond Becker of Springfield, spent Sunday evening here with relatives.

Mr. and Mrs. Glen Berry of Ashbury, New Jersey are visiting with L. L. Simpson and family.

Miss Elizabeth Blohm of the C. I. P. S. is enjoying her vacation in Panama with friends.

Mrs. V. E. Norris left Saturday for Indianapolis, Ind., where she will visit with her daughter, Mrs. Claude Behring.

Mrs. Wm. Bell and daughter Ethel May and Mrs. Harvey Bell and daughter Carole left Saturday night for a visit in Cheyenne, Wyoming with Mr. and Mrs. Chism Hanley.

The Limbo School District near Beardstown observed visitors day at the Limbo school Friday noon and afternoon. The parents of the school children enjoyed a community dinner at the school at the noon hour and then stayed to hear the lessons and to watch the class room procedure Friday afternoon.

Every family was represented in the group. Miss Mary Dugan is teacher of the school.

The Beardstown-Arenzville division of the rural teachers of Cass County will hold their November meeting at the Brick school Friday, November 22.

Mrs. Mae Kirchner, teacher of the school, will act as hostess to the group.

A pot-luck dinner is planned for the noon hour.

The program is as follows:
The Teaching of Reading—Part II—Mrs. Lela Dadds Rohn of Kornsmeier School.

"Class Room Management" Part II—Miss Morena Stuke of the Brick School.

Remarks—Walter E. Buck, Superintendent of Cass County Schools.

The next meeting of the group after the November gathering will be in January in order to permit the teachers full time for planning and practicing Thanksgiving and Christmas programs at their individual schools.

Among the Beardstown people who were in Virginia, Friday afternoon for the Virginia-Beardstown football game were Mr. Robert Maslin, Mrs. Otis Adkins, Mr. Ledru Schaeffer, Mr. Virgil Reither, Mr. J. L. Long, the Rev. T. J. M. Crapp, Miss Alice Krick, Miss Eda Greve, Miss Lucile Brock, Miss Virginia Noble, Miss Adele Gross, Mrs. Archie Dunn and Mr. H. E. Swift.

Miss Marcelle Greer of Beardstown was a visitor here Friday night with friends.

Morgan Farmers To Hear President At Chicago on Dec. 9

Farm Bureau Will Handle
Tickets For A.F.B.F.
Convention Session

Many farmers from this county are planning to go to Chicago Monday, Dec. 9, to attend the opening session of the American Farm Bureau Federation, where they will hear an address by President Roosevelt. The demand for tickets to the meeting has been nation-wide.

Tickets may be secured by Morgan county people through the Farm Bureau headquarters here, which will be given an allotment. The tickets are being distributed through the farm bureaus throughout the county.

The federation's committee on arrangements, according to Earl C. Smith, president of the association, has decided that admission tickets will be released only through the respective State Farm Bureau organizations. The tickets will be distributed through the farm bureaus in the most fair and equitable manner. The fact that the meeting is being held in Illinois—the largest state in farm bureau membership—means that Illinois will receive the heaviest allotment of tickets. Farm Bureau members desiring to attend must make application through their respective county farm bureaus, and the county organizations in turn must apply to the State Association.

The committee has definitely decided to hold the opening session which the president will address in the International Livestock Exposition's new amphitheater at the Union Stock Yards. The building where the country's finest meat animals will be judged the week before, has a seating capacity of around 12,000 people. There is standing room for approximately 8,000 more in the various entrances and about the arena, where head speakers will be seated. The fact that there is plenty of free parking space for automobiles in the stockyards was an important factor in taking the meeting there.

Officials this year are being instructed by the state association to disqualify any player for any unsportsmanlike conduct.

Coaches present included: John Tarwin, Pittsfield; Don T. Anderson, Cathedral, Springfield; J. A. Lettice, Murrayville; M. D. Green, Kilbourne; C. F. Hubbell, Greenfield; W. J. **WPA Park Project
To Start Monday;
100 Men To Work**

Extensive Improvements At
Nichols Park Are
Planned

The WPA project which provides for numerous improvements at Nichols Park and for construction of Victory Drive will start Monday. It was announced Wednesday. The project will provide employment for more than one hundred men for several months. Men now on relief rolls will be given work on the project.

At a meeting last night of the members of the Jacksonville park board, Engineer Kenneth Stapleton and John Curtis of the local relief office, plans for starting the work were discussed. It is expected that the first work on the project will be in Nichols Park, where a change in the roadway at the playground will be made.

The park board plans to close the present roadway which passes between the dining hall and the playground and to construct a driveway to the west of it. The members of the board have had this change under consideration for some time, and when it is completed they feel that children can use the playground with a greater degree of safety. The new road will pass to the west of the playground.

A project includes plans to install a water main from Clay avenue on Vandalla Road to the park, the grading and surfacing of roads, repairing the swimming pool and bath house, construction of tennis courts, repairing of buildings in the park and construction of walks and paths.

McKendree Chapel
Mr. and Mrs. Glenn Dyche of Springfield spent Saturday night and Sunday visiting their grandmother, Mrs. B. F. Rockwood, and their aunt, Mrs. Aldo Hierman.

Charles Sheppard of Jacksonville was a business visitor in this neighborhood Tuesday afternoon.

Mr. and Mrs. William Enke spent Monday evening with Mr. and Mrs. C. E. Rice.

A movement is being sponsored to invite town and city folk to attend church in the country on Sunday, November 24, in accordance with this idea McKendree Chapel is extending an invitation to former members and friends to attend a Thanksgiving service at the old home church on that day. Sunday school will be held at 10 o'clock a. m. and a preaching service at 11 a. m.

Over 50 Officials, Coaches At Meeting

M. G. Moore, Of Alsey, Explains Changes In Basketball Rules This Year

The new three second rule governing players on a team in control of the ball will not be as difficult to call from an official's standpoint this year as will the new rule on fumbles, M. G. Moore, of Alsey, told a gathering of over 50 basketball coaches and officials last night at the high school during the annual interpretation meeting sponsored by the Illinois High School Athletic Association.

The new rule on fumbles, one of the several steps taken this year to speed up the game, states that successive tries for goal, fumbles, attempts to gain possession or control of the ball by tapping it from the vicinity of other players striving for it, or by batting it from the control of another player, or by blocking a pass and recovering the ball, are not dribbles. Judgment of the official will be required to determine when the ball came into the control of a player, as upon this point will rest the decision on subsequent events.

Under this rule, it will be possible for one player to knock down a pass, recover it with both hands and legally begin a dribble, provided, in the opinion of the official the ball has not been in the players' control. Further, the player may fumble the ball at the end of his dribble, recover it and either shoot for the basket or throw the ball to a team-mate.

Still another effort to speed up play and to do away with center jumps, is the rule under which the team which did not score on a successful free throw, is awarded the ball out of bounds on the end line opposite from the team's goal. If the free throw is successful, members of the scoring team have no right to the ball, and if they recover it, they must immediately place it on the floor or pass it to a member of the opposing team, and must do so gracefully. The team scored against has only five seconds in which to return the ball to the playing court. The referee or umpire is not supposed to handle the ball on this play.

Officials this year are being instructed by the state association to disqualify any player for any unsportsmanlike conduct.

Coaches present included: John Tarwin, Pittsfield; Don T. Anderson, Cathedral, Springfield; J. A. Lettice, Murrayville; M. D. Green, Kilbourne; C. F. Hubbell, Greenfield; W. J. Creamer, Jerseyville; Carl Morrison, Bluffs; O. L. Krushoff, Carrollton; Frank Walker, Jacksonville; J. E. Potts, Milton; S. Robey Burns, I. S. D.; C. H. Wilson, Versailles; Wallace Baptist, Routh; Fred Fawcett, Rockbridge; Willard E. Clerves, Tinswell.

Officials present were: Ben Reid, Pittsfield; C. J. Crowe, Jacksonville; William Murtagh, Jacksonville; Greg Shoaff, Springfield; R. Conklin, Kilbourne; Harold Ranson, Kilbourne; Edward W. **Reelect Officers
At I. O. O. F. Meet**

Annual Election Of County
Association Is Held
Wednesday

The annual election of officers was held last night by the Morgan County Association of Odd Fellows at Urania Lodge hall on West State, with W. E. Mann, president, and Olen Gotschell, secretary-treasurer, being renominated by the members.

After the business meeting, the Rebekahs joined in the presentation of the following program:

Oddfellows' Quartet—Benny Denny, Emerson Lewis, Morris Peckham, Gus Waltman.

Tap Dancing—Pupils from Smiley dance school.

Spillman family—Musical selections.

Refreshments were served during the social hour.

Urania lodge has announced that it will initiate three candidates at a meeting next Monday night. An oyster supper will be served after the initiation.

**Grange Favors Abolition of
Useless Holding Firms**

Sacramento, Calif.—(P)—Removal of marginal farm lands from competitive production and the elimination of "needless utility holding companies" were added today to policies of the National Grange for 1936.

Previously, the Grange expressed opposition to the new Canadian-American trade treaty, state sales taxes, the abolition of compulsory military training and enactment of Amendment 39 to the AAA imposing restriction upon government loans to farm cooperatives.

It urged expansion of producer and consumer cooperatives, imposition of a five-cent per pound tax on butter substitutes and speeding up of a campaign of safety education in the schools to reduce automobile fatalities.

**SPRINGFIELD VOTES
BONDS FOR SCHOOLS**

Springfield, Ill.—(P)—A \$727,240 school expansion program was approved by Springfield voters yesterday by large majorities. Among the main projects are a new \$300,000 high school and construction of additional classrooms, gymnasium and auditorium at Feltshan's high school. A \$400,000 bond issue was approved. The city expects a \$327,240 WPA grant to aid the program.

HURT PLAYING POOL
Minneapolis.—(P)—Passersby saw Edward Codell limping across the University of Minnesota campus and blamed football for his injuries. It wasn't football at all, Codell told sympathizers. He said that a vertebrae was dislocated when he made a difficult play in a pool game.

An aerodrome is to be established on the largest railway station of Leipzig, Germany.

Cass County Man Injured in Wreck

Wilbur Davis of Virginia in Hospital; Boy's Teeth Knocked Out

Beardstown.—Wilbur Davis, 21, who resides on Rural Route 2, Virginia, is a patient in Schmitt Memorial hospital as the result of injuries suffered in an automobile accident near the Beardstown Country club. The Davis car was wrecked and the occupants were hurt in the wreck. The accident happened when the front wheel ran off the slab and the driver made a quick turn to get it back onto the slab. Fearing he would be hit by an approaching car he made another turn and crashed into a mail box at the side of the road, the car turning over twice and landing on the wheels. Miss Ida Mae Wilkey, one of the occupants, was thrown from the car but was uninjured. Miss Helen Schall received cuts and bruises. Carlos Kruse had two teeth knocked out and was cut about the face, and the driver, Wilbur Davis, received numerous cuts.

Vote For Schools Would Remove Two Old Structures

Part Of Lafayette Used 65
Years; Franklin Built
59 Years Ago

Replacement of schools characterized by Dr. R. O. Stoops, superintendent of schools, as fire hazards and outside the school laws of the state, is proposed in the special election called for Nov. 25, at which time school district 117, comprising the city, will vote on granting authority to the board of education to issue bonds amounting to not more than \$125,000 to match a grant of \$82,454 offered by the Public Works administration.

Musty records at the Morgan County court house reveal that the site for the present Lafayette school building was purchased in September 1869, and local history shows that a four room school building was erected on the site and put into use in 1870, making the older part of the present structure 65 years old. The middle and rear portions were added at a later date as the city grew and the final four rooms on the south end of the present building were added a few years later.

The deed for the Franklin school site shows that the purchase was made in April, 1874, and it is probable that the building was put into use that fall, making the building 59 years old, and extremely long life considering the fact that at that time, there were no school architects, and no recognized standards for school architecture. The Franklin school resembles the Lafayette school in many respects, except that the contractor made the windows larger in the Franklin school.

B. F. Schaefer, during his term here as superintendent of the local schools, cooperated with the late W. S. Booth to produce a pamphlet in 1923 in which he surveyed the school building needs of the city. In the survey he points out that the window area in the Lafayette building ranges from 0.86 percent to 10.10 percent of the floor space, in comparison with the standard requirement for school room lighting of window glass space equal to 20 percent of the floor space.

The state department of education would be operating within its premises if it ordered that both school buildings be closed. Dr. Stoops pointed out that this has not been done is a result of the efforts of the Board of Education to replace the dangerous units. The two most dangerous, the Washington and Jefferson buildings, already have been replaced.

Mr. Stoops' report also points out that the following "Specifications for Sanitary School Rooms" became effective March 1, 1917, and is still in effect: "At the last session of the 1914-15 the school law was so amended as to require the heating, ventilation, lighting, restrooms, water supply, refuse, and safety against fire to be such as to conserve the health and safety of the children attending the public schools. The penalty for not complying with these provisions is the withholding of the state distributive fund from the district until it has complied with the law."

The Jacksonville share of the distributive fund for the present biennium is about \$17,000.

Plan Christmas Seals Sale Here For November 29

To Aid In Financing Pro-
gram To Stop
Tuberculosis

Christmas Seals will go on sale here Friday, November 29th, to aid in financing a program which is part of the nation-wide effort to eradicate tuberculosis.

Officials of the Illinois Tuberculosis Association have pointed out that seals sold by the 88 local associations will bear a red double-barred cross as an identifying mark. The insignia of the tuberculosis associations is not to be confused with the emblem of the American Red Cross organization, which is a red Maltese cross with all four bars of equal size and shape.

Although the double-barred cross has been the universal emblem of tuberculosis associations for 33 years, its first use in a crusade occurred nine centuries ago. At that time, Godfrey, Duke of Lorraine, and his army sought to reclaim the Holy Land for the Christians. After his return, it became the emblem of the house of Lorraine.

The Lorraine Cross was slightly different than the one used by tuberculosis associations today. The ends were square, and the second bar, which was longer than the upper one, was nearer the base. It was at a meeting of the International Conference on Tuberculosis held in Berlin in 1902 that this cross was adopted as the emblem of the anti-tuberculosis movement.

Approximately forty-five million seals will be offered for sale by the various tuberculosis associations throughout the state. Funds obtained will be used for education, nursing, clinics, health school rooms, health camps and other forms of tuberculosis prevention work.

The seal sale is being conducted simultaneously in 28 foreign countries, and 2,084 associations in the United States.

Bellatti-Kanady To Debate Team From Oxford U.

Illinois College Students To
Meet Visitors
Monday

Walter R. Bellatti, of Jacksonville, and Johnson Kanady, Jr. of Springfield, will meet Richard U. P. Kay-Shuttleworth and A. W. J. Greenwood in a debate Monday evening between Illinois College and Oxford University. The two speakers from Illinois College were chosen yesterday after four weeks of tryouts and elimination.

Mr. Bellatti, a senior at I. C., has been active in debate during his four years on the Illinois campus. He has represented the college on several occasions and was on the squad that last year travelled to Iowa University. He has been active in various campus affairs and is president of Sigma Phi.

Mr. Kanady, who is also a member of Sigma Phi, is a junior at the college, has been on the varsity debate squad for the past two years, and also accompanied the group on the Iowa trip. They are experienced debaters, both men participating in high school and college.

The two speakers were chosen from four who had survived the elimination tryouts. The other two, Willard Lee and Maurice Kepner, will act as alternates. Kepner attended the conference for Kanady and Lee backing Bellatti.

The subject for the debate is, "Resolved that a written constitution is a hindrance rather than a safeguard to social progress." Illinois College will take the negative while the Englishmen will uphold the affirmative.

The English debaters are making an extended tour of the United States, debating at colleges and universities under the auspices of the National Student Federation of America. Both men have their degree in political science and at present are doing graduate work.

Tickets for the debate, which will be held at the chapel on Illinois College campus, are on sale today. The price to townspeople is forty cents and to students of Illinois College and MacMurray, twenty-five cents. High school students will be admitted to the debate for fifteen cents.
